CONDITIONS FOR THE LAWFUL PROCESSING OF PERSONAL INFORMATION

Condition 1: Accountability

ONE undertakes to comply with the requirements of the POPI Act in the processing of Personal Information. We will take reasonable steps to ensure the adequate storage and protection of all Personal Information that we have access to, in the daily operation of business.

Condition 2: Processing Limitation

Every effort is made to ensure that the processing of Personal Information is done in a lawful manner and does not infringe on the privacy of the Data Subject.

All Personal Information in our possession will only be processed for its intended purpose.

Due to the nature of our business, all Personal Information is obtained by our broker partners directly from the Data Subject and is then sent to us to assist with their short term insurance requirements. Alternatively, we obtain information from service providers i.e. assessors, investigators etc. The Personal Information is necessary for our operation and as such we rely on our business partners to obtain consent in a lawful manner before sharing this information with ONE.

We collect data directly from a Data Subject only when necessary to perform our functions, for an alternative purpose which is linked to short term insurance business. This data would be required for our standard business processes and is saved and protected in the same manner as Personal Information acquired from our business partners.

Condition 3: Purpose specification

All Personal Information collected from a Data Subject is for the purpose of providing the potential policyholder with an insurance solution which best fits their circumstances.

All data is retained on 1WEB, our policy administration system. in line with the relevant laws regarding the retention and destruction of Personal Information.

All Personal Information that is no longer required but has already complied with the record keeping requirement of the short term insurance industry will be discarded or kept in an encrypted or de-identified format.

Condition 4: Further Processing Limitation

As ONE does not obtain the Personal Information from the Data Subject directly. The Further Processing of Personal Information will be conducted in compliance with the POPI Act. We may obtain further information from other sources as indicated in the ACT as it may be required in terms of an alternative Law. All Personal Information ONE collects is required to assess a client and provide a suitable short term solution to the broker to present to the Data Subject.

Condition 5: Information Quality

We have agreements in place with all our Broker partners to provide us with updated Personal Information on a regular basis and to ensure that all Personal Information is accurate and complete. Any information not required for our operations is deleted.

Where possible, we also verify Personal Information with the Data Subject to ensure that all Personal Information is kept updated as often as possible.

Condition 6: Openness/Transparency

ONE does rely on our business partners to inform Data Subjects that their Personal Information is being shared with ONE, the purpose thereof, safeguards that are in place, and when required deleted.

ONE is also committed to being transparent to a Data Subject regarding the type of Personal Information that we have as well as what it may be used for.

Condition 7: Security Safeguards

ONE makes use of various security measures to ensure the protection of Personal Information.

All required Personal Information is uploaded and stored on 1WEB, this information is protected from unauthorized access and all confidentiality protocols are observed in terms of segregation of duties and access control afforded to our broker partners.

We make use of virus protection and other IT security measures to combat any potential cyber threats to our systems.

Condition 8: Data Subject Participation

All Data Subjects are entitled to know what Personal Information ONE has in their possession as well as what this information is used for. Each Data Subject is also entitled to know who has access to their Personal Information.

Each Data Subject is encouraged to correct any incorrect information that we have, or to request ONE to delete any Personal Information held which is outdated or no longer required.

Should a Data Subject who does not have a current policy with us request what Personal information we may have, it will be necessary for them to provide verified identification before any information is supplied.

OPERATIONAL CONTROLS

Monitoring

The ONE Management team is responsible for the oversight and compliance with this policy.

ONE IT, as well as 1WEB data management have put appropriate security controls in place to ensure that the Personal Information held by ONE and 1WEB is protected as far as possible.

ONE Compliance will include monitoring of the provisions of this ACT in file audits undertaken.
